BrainPOP Educators Tips, Tools, & Resources

BrainPOP Educators is a new, free resource that supports our teacher community with shared tips, tools, and best practices. On BrainPOP Educators, teachers explore existing resources and showcase their own. Access is entirely free. Register for BrainPOP Educators at www.brainpop.com/educators.

- ⊗ **Lesson Plans** Search for and download creative lesson plans that have proven effective for teachers across the country. You'll find great ideas for multiple grade levels, on a range of topics. Or, upload lesson plans that have worked well for you.
- ⊗ **Video Tutorials** Visit colleagues' classrooms virtually and see some great ideas about using BrainPOP resources in different settings and with a variety of technology set-ups.
- ⊗ **Curricular Tie-Ins** Locate timely content that enriches your lessons about holidays, special occasions, current events, and other academic themes.
- ⊗ **Graphic Organizers** BrainPOP-powered graphic organizers help students grasp and express complex concepts.
- ⊗ **Professional Development** Put your BrainPOP expertise to use! Check out our Professional Development resources and start training other teachers.
- ⊗ **Connections** Keep up-to-date on news and new features and post questions or comments - all on the BrainPOP Educators blog.

BrainPOP in Science Class
5th grade teacher Jennifer Okiyama from GA weaves BrainPOP's *Vertebrates* resources throughout a hands-on science unit.

About BrainPOP

Founded in 1999, BrainPOP (www.brainpop.com) creates animated, curriculum-based content that supports educators and engages students. Our award-winning online resources include **BrainPOP**, for grades 3 and up; **BrainPOP Jr.**, for grades K-3; and **BrainPOP Español**. Our newest resource, **BrainPOP Educators**, features free tips, tools, and best practices by and for our teacher community. Aligned to state standards and easy to use, BrainPOP serves thousands of schools worldwide. We host more than 1.5 million visits to our sites each month, through district, school, media lab, classroom, homeschool, and family subscriptions.
